

INSULATING CONCRETE FORMS EDUCATIONAL EVENT AND TOUR

MAY 8, 2025 10:00am to 3:00pm
Leinenkugel's Pilot Room
124 E. Elm Street, Chippewa Falls, WI

EVENT DESCRIPTION

Here's an opportunity to learn more about cutting edge innovations in Ready Mixed Concrete. Latest strategies for building high efficiency cold storage facilities with ready mixed concrete will be presented. Learn from the design and construction teams. Tours a local project built with lightweight, fast, and more cost-effective Insulating Concrete Form (ICF), construction. See ways in which concrete and ICFs are quickly becoming the sustainable methods of choice for building all project types including residential, hotels, schools, and offices. Design professionals as well as concrete contractors, masons, and framers have an opportunity to learn how to work more effectively with concrete to enhance their sustainability and competitiveness in today's construction environment.

Register today as seats are limited!

WHO SHOULD ATTEND

Design Professionals, General Contractors, Masonry Contractors, Concrete Contractors, Wood and Steel Framers.
